# FOMA Terminal

- Because your FOMA terminal uses wireless transmission, it may not function in locations where it is difficult for radio waves to penetrate, such as tunnels, underground passages and some buildings, in areas where radio waves are weak, or out of service area. Even when you are high up in a tall building or condominium and nothing blocks your view outside, your FOMA terminal may not be able to receive or transmit signals. Also, communication may be interrupted even when the signal meter on your FOMA terminal indicates there are strong radio waves and you are not moving (traveling).
- Use your FOMA terminal in a way that does not disturb others in public spaces, crowded locations or quiet places.
- Because your FOMA terminal uses radio waves to communicate, it is possible that a third party may attempt to tap your calls. However, the W-CDMA, GSM/GPRS system automatically applies a confidential communication function to all calls, so even if a third party could somehow tap a call, they only hear noise.
- Your FOMA terminal encodes voice communication as digital data. When you are operating your FOMA terminal while moving to a location subject to weaker radio wave conditions, the transmitted digital data may not be correctly decoded and as a result the decoded voice may differ somewhat from the actual voice.
- Maintain a separate record of the data (Phonebook, Schedule, Notepad, Recorded messages, Voice memos, Moving picture memos, etc.) you registered in your FOMA terminal. Note that DOCOMO assumes no responsibility for any loss of saved contents of data resulting from malfunction, repair, changing of the model or other handling of FOMA terminal.
- You are recommended to save important data to microSD card. Using DOCOMO keitai datalink, you can transfer and save phonebook, mail, schedule and other data to a PC.

- The user hereby agrees that the user shall be solely responsible for the result of the use of SSL/TLS.

Neither DOCOMO nor the certifier as listed herein makes any representation and warranty as for the security in the use of SSL/TLS. If the data should be erased, DOCOMO assumes no responsibility for the loss of any data.

Certifier : VeriSign Japan K.K., Cybertrust Japan Co., Ltd., GlobalSign K.K., RSA Security Japan Ltd., SECOM Trust Systems Co., Ltd., Comodo CA Ltd., Entrust, Inc.

- This FOMA terminal supports FOMA Plus-Area and FOMA HIGH-SPEED Area.
- FOMA terminal can be used only via the FOMA network provided by DOCOMO and DOCOMO's roaming area.

# What you can do with F-07B

## AUTO-GPS

The AUTO-GPS function allows for useful services that deliver information about the weather or shops around where you are, or sightseeing information.

83

## 使いかたガイド (Guide)

Guide is useful for checking an operating procedure of the function you want to use on FOMA terminal. Without Instruction manual at hand, you can check immediately. (In Japanese only)

25

## i-concier

i-concier is a service to use FOMA terminal conveniently in which a character on the stand-by display (Machi-chara) notifies you of useful information and schedules (i-schedule) can be downloaded automatically from a site. (In Japanese only)

102

## International Roaming (WORLD WING)

While staying overseas, you can use the same FOMA terminal, phone number and mail address as those used in Japan (3G/GSM Areas are supported).

61

## YOKO-MOTION

You can rotate the display 90 degrees to the right or left to watch 1Seg, shoot still images/moving pictures, or operate mail or browser in horizontal display. Some functions or i-appli support the wide-screen and can be viewed at full wide in horizontal display. You can also activate the functions by rotating the display.

6

## Kid-safe mode

You can restrict usable functions, so you can let your child use FOMA terminal without anxiety.

44

# Part names and functions

Part names of F-07B and major functions assigned to each part are as follows.

## ① Light sensor

Sense the ambient luminance to automatically adjust the brightness of the display. Do not cover the sensor with your hand or a sticker.

## ② Earpiece

## ③ Display⇒P21

## ④ 1Seg antenna (built into FOMA terminal) ⑤ [MENU] MENU key

Display a menu.

## ⑥ [✉] Mail key/Character key

Display the mail menu and switch character input mode.

## ⑦ [CLR] ch/Clear key

Display i-Channel or return to the previous screen.

## ⑧ [✉] Start a voice call key

## ⑨ [0] - [9] Keypads

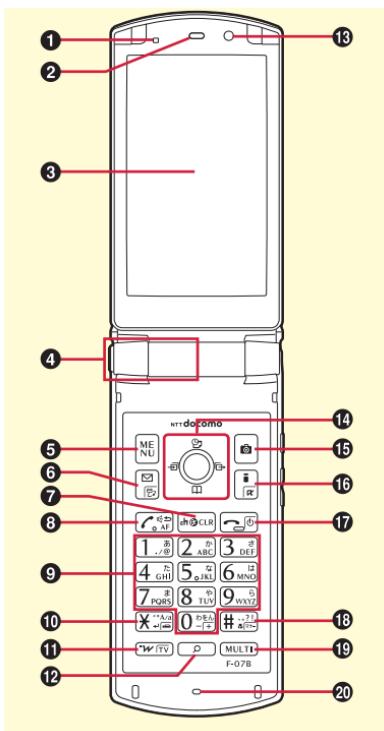

Enter phone number or characters, or select an item.

## ⑩ [✉] \*/\*Public mode (Drive mode) key

Enter "\*" or voiced/semi-voiced sound, or start/cancel Public mode (Drive mode).

## ⑪ [TV] i-Widget/TV key

Start/Exit i-Widget or start 1Seg.

## ⑫ [Q] Search key

Start Quick search.

## ⑬ In-camera

Shoot yourself or send your image during videophone

## ⑭ [Multi-cursor key]

Move the cursor, or operate a menu.

[□] : Perform an operation.

[○] : Display Scheduler, or adjust the volume.

[Q] : Display Phonebook, or adjust the volume.

[C] : Display Received calls.

[R] : Display Redial.

## ⑮ [CAM] Camera key

Start the still camera/movie camera.

## ⑯ [i-mode] i-mode/i-appli key

Display i-mode menu or i-appli folder.

## ⑰ [POWER] Power/End key

Turn on/off FOMA terminal, or exit a function.

## ⑱ [#] #/Silent mode key

Enter "#" or punctuation, or start/cancel Silent mode.

## ⑲ [MULTI] Multitask key

Start/perform a different function.

## ⑳ Microphone

Do not cover the microphone during a call or sound recording.

**④ Light**

The light turns on or blinks when the battery charges, etc.

**⑤ Sub-display ⇒P22****⑥ FOMA antenna (built into FOMA terminal)**

Do not cover it with your hand.

**⑦ Out-camera**

Shoot still images or moving pictures.

**⑧ Light**

Use as camera light for videophone call or shooting still images/moving pictures, or simple light.

**⑨ Fingerprint sensor**

Authenticate a fingerprint.

**⑩ Speaker**

Hear ring alert or voice of the caller using the handsfree function.

**⑪ Infrared data port**

Use this port for infrared communication or infrared remote control function.

**⑫ Mark**

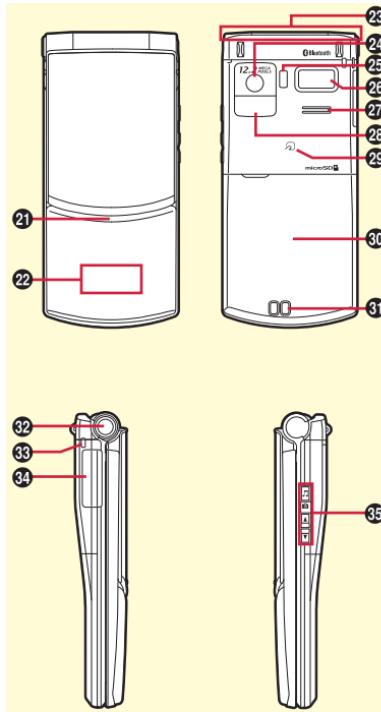

Use Osaifu-Keitai or send/receive data by iC transmission.

**⑬ Back cover**

\* To access the microSD card slot, remove the back cover and the battery pack.

**⑭ Charging jack****⑮ Open assist button**

Press this button to open FOMA terminal.

**⑯ Strap opening****⑰ External connection jack**

Available to connect an optional AC adapter, DC adapter, FOMA USB Cable with Charge Function, Earphone Plug Adapter for External connector terminal etc.

**⑱ Side keys**

: Use for operating MUSIC Player or Music&Video Channel, or for shooting.

: Stop the ring tone, alarm sound, vibration, or adjust the volume.

: Adjust the volume, turn on the light on the sub-display or switch the views.

**Example of connecting Flat-Plug Earphone/Microphone with Switch (optional)**
